Field 027: Abstract

The disc contains data about the forces on both sides in 257 battles between 1937 and 1982. It contains battles from Eastern Europe, Western Europe, and the Pacific during World War II, the Korean War, and the campaigns of 1948, 1956, 1967, 1973, and 1982 of the Arab-Israeli war. Data includes weapons, tactics, casualties, and outcomes. The data was extracted from archives and publications by Col. Trevor N. Dupuy, the well known military historian, for use in evaluating the realism of wargames and computer simulations of combat.

Keywords: computer file, close air support, military history (KR)
